

The scheme has been set up by the Manchester Law Society and Law Society of England & Wales in response to a crisis situation which has arisen due to the closure of Wolstenhomes following regulatory action. It has been implemented to ensure that clients are not left without legal representation and the firms on the list have indicated that they are happy to assist clients of Wolstenhomes.

It is important to emphasise that clients have a free choice of firms, both within the scheme and outside of the scheme. This list is not an endorsement of these firms, nor are they being recommended. Firms will be free to fix their own charges and are aware that the clients seeking assistance have already experienced considerable difficulty.

Firm Name **Beardsells**
