“Women don’t ask...for the pay rise they deserve, the promotion they want, the dream job they would love. Women need to stop stopping themselves. Without this, equality and pay parity will not happen.”

AWS Manchester, in collaboration with Douglas Scott and NatWest, are delighted to invite you to this **FREE** interactive session, facilitated by **Rachel Brushfield**, founder of Energise - a specialist in helping legal professionals market themselves, build their networks, and fast track their careers. Drinks and canapés will be provided, with plenty of time to network.

Wednesday 17 October | 6:30pm for a 7:00pm start
